JUSTIN TAYLOR

Newark, DE 19711 | (302) 220-3373 | jdtaylor@udel.edu

Education
- Majoring in Computer Science with a Systems and Networks Focus
  Senior at University of Delaware, Newark, DE
  Graduation expected 5/2022
  Grade-Point Average 3.22

Experiences
- 2016-Present: Landscaping
  Worked for neighbors during the summer to maintain and improve their yards.
- 2015-Present: Volunteer for Delaware Odyssey of the Mind Competition
  Worked as a scorer for the Spontaneous division of the competition.
- 2013-2016: Luge Challenges and Slider Searches
  Worked at various events run by USA Luge. Helped introduce the sport to potential new athletes.
- 2013-2015: Volunteered for Lake Placid Iron Man competition
  Helped set up and maintain the course and keep it free of obstacles for the competitors.
- 2011-2016: Luge Athlete
  I started luge in 2011 and soon after made the team. I traveled between Lake Placid, NY and Park City, UT to train on the two tracks in the US. Eventually I earned the opportunity to travel and compete in World Cup races in Europe. I also qualified as one of four athletes to be able to represent the United States for Luge and compete in the 2016 Youth Olympic Games in Lillehammer, Norway.

Projects
- Garden Design software (past project for a Software Development Course):
  Our software allowed users to make custom size gardens and drag and drop different plants onto an outline of the garden for use in planning a garden.

Skills
- Programming experience with Java, C++, C, assembly, and Python.
- Wireshark
